

7.3 – Institutional Distinctiveness :

To achieve any goal, healthy mind and body is an essential prerequisite on the part of the students. In this context, the college has a distinct identity because the college takes it as a moral obligation to promote their mental and physical health and hygiene as well and provide adequate facilities for it.

1. A student awareness programme is organised by the medical committee.
2. A registered medical practitioner is assigned to the college on a regular basis. The various departments and committees undertake yoga awareness programmes.
3. Yoga lessons are presented to students by the physical education department.
4. The College has an affordable fee structure as compared to other institutions, which is especially beneficial for underprivileged students. Besides, scholarships are also offered to students by the government.
5. The College offers a wide range of extra-curricular activities like Sports, and NCC etc. for the personal development of students.
6. The College has highly qualified and dedicated faculty members who deal students psychologically to prevent them from any stress.
7. The academic environment of the college is student friendly, and college has well behaved and disciplined students.
8. The College has well-equipped laboratories for the science students.
9. The College has anti-ragging cell with a zero tolerance policy on such issues.
10. The College has Placement Cell which encourages the students to get good job opportunities.
